

Springbank Hill Project, Calgary

Housing Feasibility Study with 4 options

There's more than one way to design a site plan.

In our land evaluation process, we prioritize conducting a thorough site analysis and feasibility study to ascertain the most suitable solution for the project. We explore various parameters, acknowledging the versatility in designing site plans.

- Client's goals
- Site location
- Site features and characteristics
- Neighboring communities
- Zoning restrictions

Option 1

Semi Detached Homes

ELMONT DR. SW

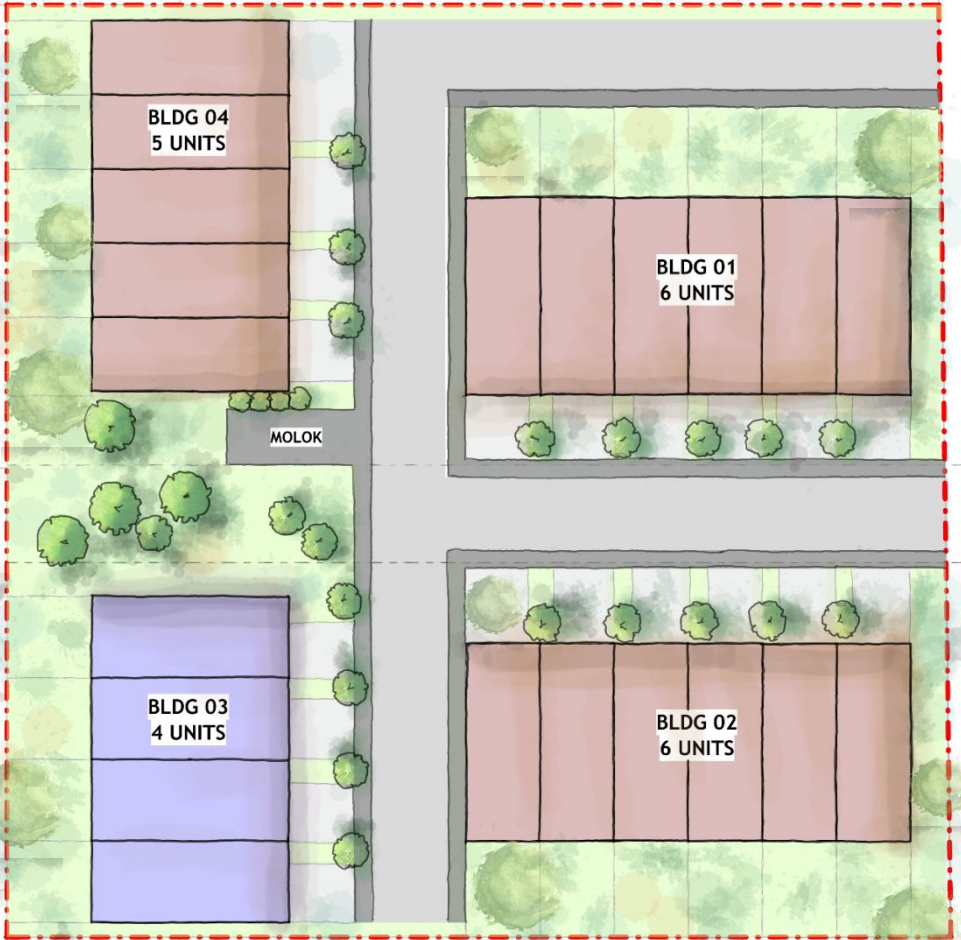

Option 2

Semi Detached Homes

ELMONT DR. SW

ELMONT DR. SW

Option 3

Row Houses

Option 4

Row Houses
